

# U.S. NAVY AND NATIONAL GUARD OPEN HOUSE PUBLIC SCOPING MEETINGS

The Navy, in cooperation with the National Guard Bureau and the Oregon National Guard, is in the initial stages of preparing an Environmental Impact Statement (EIS) to evaluate potential environmental effects associated with current and proposed military training activities in the airspace above and on the land within the Naval Weapons Systems Training Facility Boardman.

The Navy and National Guard are hosting open house style scoping meetings to provide information about the proposed action and to solicit comments about environmental impacts to address in the EIS. The public may arrive at any time during each scoping meeting. There will be no formal presentation.
